

Have you asked yourself lately what you can do to reach your family, friends and neighbors? Attend our Satellite Evangelism seminar

www.satelliteevangelism.com and learn easy and comprehensive ways to reach people right where they are, in front of the TV. Seminar topics will include topics such as: keeping new members, reaching shut-ins, using local channels to reach the community, and much more. Satellite installer training will also be available for those interested. Receive your installers certificate and start your own ministry reaching souls for Christ and the kingdom of heaven. Please register by using the contact information below.
