

**VIDEO PROGRAMMING REACHES ALL THE SENSES.**

It is true, video and television profoundly effects us and the secular world knows this fact. It is also known that television is the best source to reach the masses with a message, GOOD OR BAD. People come home from work or school and the first thing they do is turn on the TV. Imagine the impact you can have if you sponsor a Christian Satellite System with over 40 Christian Channels in their home.

**Do your member watch Christian TV**  
Does your church promote turning off secular television? If not, it should. Take advantage of this opportunity to reach neighbors, family and friends.
